

SIGGRAPH 2015 Photography and Recording Policies

Media Policy

All registered media who intend to take photographs or shoot footage at SIGGRAPH 2015 must first obtain permission. All cameras and recording equipment must be hand-held. Permission is required from an exhibitor before any part of the booth display is shot. Photos from SIGGRAPH 2015 will be available during and following the conference under the For Media section of the website.

Attendee Policy

Many of the words, images, sounds, objects, and technologies presented at the SIGGRAPH conference are protected by copyright or patents. They are owned by the people who created them. So please respect their intellectual-property rights (and your own) **by not recording or photographing in SIGGRAPH 2015's programs and events**. Outside of the programs and events, attendees are invited to take photos and publish them on social media platforms and personal blogs.
